Subject: Agency Notification of Determination of Administrative Completeness for Phase III Bond Release of the Old Coarse Refuse Road Reclamation, Sunnyside Cogeneration Associates, Sunnyside Refuse/Slurry, C/007/0035, Task ID #3718, Outgoing File

Dear «SALUTATION»:

The Division has determined that the bond release application for Phase III bond release at the Old Coarse Refuse Road Reclamation site at the Sunnyside Refuse/Slurry facility is administratively complete.

The Old Coarse Refuse Road was constructed by Sunnyside Coal Company (prior Permittee) and used for hauling refuse material to stabilize the lower bank of the refuse pile. In 1994, Sunnyside Cogeneration Associates (Permittee) ceased use of this road segment and reclaimed the site. The reclamation area where bond release has been requested is 5.35 acres in the S ½ of N ½ of N ½ of Section 7, T 15 S, R 14 E.

Public notice for the Phase III Bond Release occurred in the Sun Advocate newspaper on November 23, November 30, December 7 and December 14, 2010. Per the State of Utah R645-Coal Mining Rules, the public comment period will end on January 13, 2011.

In compliance with the Utah Coal Mining Rules R645-300-121.300, R645-300-121.310, R645-300-121-320, R645-301-880.600 and the Utah Coal Mining Act (UCA Section 40-10-1 et. seq.), notice is hereby given to all appropriate agencies having a jurisdiction or an interest in the area of the operations that this application is available for public review.

The bond release applications are available for public review at:
